

I am very concerned how this ruling would impact our local radio station, KLOVE. My entire family listens to this station exclusively. We rely on it for the news, weather and entertainment. There is no other station that provides the same quality of service in the same format. The loss of this station would be devastating to the community and to my household as listening to this station is a daily routine, and represents the values we hold dear as Christians. I am a financial supporter of this station as are many others and if this station is displaced, many will no longer support this vital resource and contributor to our community and many non-profit organizations.
